

What did your child learn about at school?

The internet is a global network that connects people around the world! We can use it to do things such as online gaming, talk to friends and learn new things!

What Does the Internet Do?

We sometimes get **uncomfortable** feelings. Our bodies give us early warning signs if something is making us feel uncomfortable.

We can always talk to a **trusted adult** if we notice our early warning signs.

Listen To Your Body (with Auslan)

YEARS 1-2 TERM 1, 2023

Some conversation starters:

- What are some fun and awesome things you like to do on the internet?
- Have you ever felt any of your body's **early warning signs**? What did you do?
- Who are your five trusted adults? (These could be parents, carers, family, teachers etc.)
